### **The Family of Courtland Vanarsdale Strongly Disputes that Mr. Vanarsdale was Going in Excess of 100 MPH**

**Waterloo, Iowa (June 2018)**-Wortham-White Law Offices, has been retained to represent the family of Courtland Vanarsdale, who was killed in a motorcycle accident on Saturday May, 26 2018.

The family of Mr. Vanarsdale would first like to thank everyone that has reached out to them to express support, thoughts, and prayers during their time of grief. They are grateful for the outpouring of love from the community.

It is, however, concerning to the family that the Waterloo Police Department has chosen at this time, in the midst of the family's bereavement, to release a statement to the media alleging that Mr. Vanarsdale was traveling at speeds in excess of 100 mph at the time of the fatal accident on Saturday, May 26 2018, which resulted in the death of Mr. Vanarsdale and Tyah Hoskins (the passenger of the car driven by Katie Scarbrough).

At this time no evidence has been provided to the family to substantiate the police claims that Mr. Vanarsdale was speeding, nor does the family believe that the department has had the adequate time to properly conduct an investigation that would give them sufficient information to determine that Mr. Vanarsdale was traveling at speeds in excess of 100 mph. The release of any statement alleging the rates of speed in which Mr. Vanarsdale was traveling is premature considering that the investigation has not been completed. The only facts that are known about this accident at this time is that Mr. Vanarsdale was traveling south on Martin Luther King Jr. Drive when Ms. Scarbrough failed to yield the right away to him and suddenly turned left into his path, which caused him to collide with her vehicle.

The family will be looking into conducting their own private investigation of the accident.
